**Index, Distribution, and Resupply of USAREC Publications and Blank Forms**

For the Commander:

WANDA E. WILSON  
Colonel, GS  
Chief of Staff

Official:

ROGER H. BALABAN  
Chief Information Officer

**History.** This UPDATE revises USAREC Pam 25-30. Changes in the appendixes are indicated with an asterisk (\*).

**Summary.** This pamphlet is a consolidated in-

dex of all current United States Army Recruiting Command publications and blank forms issued.

**Applicability.** This pamphlet is applicable to all elements of this command.

**Proponent and exception authority.** The proponent for this pamphlet is the Chief of Information Support Activity. The proponent has the authority to approve exceptions to this pamphlet that are consistent with controlling law and regulation. Proponent may delegate this approval authority, in writing, to a division chief within the proponent agency in the grade of GS-14.

**Suggested improvements.** Users are invited to send comments and suggested improvements on DA Form 2028 (Recommended Changes to Publications and Blank Forms) directly to HQ USAAC (ATAL-IIA), 1307 3rd Avenue, Fort Knox, KY 40121-2726.

**Distribution.** Distribution of this issue has been made in accordance with this pamphlet, distribution A. This pamphlet is published in the Recruiting Station Administration UPDATE and online at <http://apps.usarec.army.mil/im/RMP-ASB/Services/FormPub/Pubs.htm#pamphlets>.

**Glossary**

**1. Purpose**

This pamphlet is a consolidated index of all current United States Army Recruiting Command (USAREC) publications and blank forms issued.

**2. References**

a. Related publications.  
(1) AR 25-30 (The Army Publishing Program).  
(2) DA Pam 25-30 (Consolidated Index of Army Publications and Blank Forms).  
(3) DA Pam 25-31 (Forms Management,

Analysis, and Design).  
b. Required forms.  
(1) USAREC Form 851 (Publications Control Card).  
(2) USAREC Form 907 (UPDATE Subscription Card).  
c. Related forms.  
(1) DA Form 17 (Requisition for Publications and Blank Forms).  
(2) DA Form 479 (Publication and Blank Form Stock Record Card (Vertical File)).  
(3) DA Form 479-1 (Publication and Blank Form Stock Record Card (Visible File)).

**3. Explanation of abbreviations**

Abbreviations used in this pamphlet are explained in the glossary.

**4. Publications general**

a. (J) - USAREC/FORSCOM (United States Army Forces Command) or USAREC/FORSCOM/TRADOC (United States Army Forces Command and United States Army Training and Doctrine Command) joint publication.  
b. The letter designations A, B, C, D, E, and Y shown in the index (apps A through E) indicate the level to which the publication was distributed. In addition, "Special" is shown for certain publications and indicates other than a standard distribution. The formulas for special distribution are as prescribed by the originating staff office.  
c. The following is the distribution scheme:  
(1) A - all USAREC elements.  
(2) B - all USAREC elements excluding recruiting stations (RSs).  
(3) C - all USAREC elements excluding RSs, recruiting company (Rctg Co) commanders, and Rctg Co first sergeants (1SGs).  
(4) D - all USAREC elements excluding RSs, Rctg Co commanders, Rctg Co 1SGs, recruiting battalions (Rctg Bns), and health care recruiting teams (HCRTs).  
(5) E - internal, Headquarters, United States Army Recruiting Command (HQ USAREC) distri-

bution only.

(6) Y - all USAREC recruiters.  
Table 1 indicates the number of copies distributed to each activity.

d. Complete files of all publications are neither required, nor authorized for all elements of this command; however, if the activity is indicated as a recipient, the publication will be maintained by the activity concerned.

e. Those publications listed as distribution "A" are required to be maintained in the RS reference file.

f. HQ USAREC staff elements preparing publications will indicate distribution desired by use of the appropriate symbol listed in table 1. Proponents desiring an "A" distribution must coordinate publication with the G-3, Operations Division.

g. Recruiting brigades (Rctg Bdes), Army Medical Department (AMEDD) detachments, Rctg Bns, and HCRTs are not authorized to publish their own publications. If a publication is required, it should be submitted to Headquarters, United States Army Accessions Command (HQ USAAC), Information Support Activity (ATAL-IIA), 1307 3rd Avenue, Fort Knox, KY 40121-2726. At that time, it will be staffed with the appropriate proponent for review.

**5. USAREC UPDATE publications**

a. The USAREC UPDATE publishing process involves issuing only complete publications with no separately published changes. Once a USAREC publication (i.e., regulation, pamphlet, or circular) is converted to UPDATE format, users will no longer have to post or file changes to that publication. Each issue of an UPDATE publication will be a fresh, up-to-date, completely posted copy of the publications contained in the UPDATE. Changes made since the previous edition will be clearly marked.

b. UPDATE publications containing more than one publication will not be stocked at the USAREC Publications Warehouse. They will be

\*This pamphlet supersedes USAREC Pamphlet 25-30, 2 January 2003.

distributed by initial distribution only and cannot be ordered under resupply.

c. Users can establish initial distribution requirement by completing USAREC Form 907 (UPDATE Subscription Card), which is included in each UPDATE publication. The subscription card is a two-part form. Actual users complete part 1 by specifying how many copies of the publication they need. After part 1 is completed, the form must be routed to the unit publications clerk (located at the Rctg Bn). The publications clerk consolidates requirements from all sections of the unit and completes part 2 of a single subscription form, indicating the total number of copies the unit needs. The publications clerk should immediately mail the subscription form to HQ USAAC, ATAL-IIA (USAREC UPDATE Publications), 1307 3rd Avenue, Fort Knox, KY 40121-2726.

## 6. Forms general

a. All USAREC activities, except Rctg Cos and RSs, will maintain a 120-day stock level of applicable USAREC blank forms. RSs and Rctg Cos will maintain a 60-day stock level.

b. Rctg Bdes, AMEDD detachments, Rctg Bns, and HCRTs will maintain either DA Form 479 (Publication and Blank Form Stock Record Card (Vertical File)) or DA Form 479-1 (Publication and Blank Form Stock Record Card (Visible File)) as stock record cards for USAREC, Department of the Army (DA), Department of Defense (DD), Standard Form (SF), and Optional Form (OF) blank forms (where stocks are maintained). An automated program containing the same information as the DA Form 479 or DA Form 479-1 may be used in lieu of the manual system.

c. Stock record cards will be kept current and reviewed at least semiannually by the records management coordinator. A statement will be prepared at the time of review and kept on file.

d. Rctg Bdes, AMEDD detachments, Rctg Bns, and HCRTs are not authorized to publish their own blank forms. If a form is required, it should be submitted to HQ USAAC (ATAL-IIA). At that time, it will be staffed with the appropriate proponent for review.

e. To compute your monthly usage, follow the steps below:

(1) Keep an accurate count of your usage for approximately 3 months.

(2) Divide your usage by 3. Used 800 forms in 3 months;  $800 \div 3 = 266.66$ ; round up to 270. Your monthly usage in this case would be 270.

## 7. Initial distribution

a. Rctg Bde, AMEDD detachment, Rctg Bn, and HCRT commanders will establish, if not already in effect, an account with the St. Louis Publications Center. The Rctg Bn and HCRT account will be for required publications and blank forms at the RS and Rctg Co level.

b. Rctg Bdes, AMEDD detachments, Rctg Bns, and HCRTs receiving DA, DD, SF, and OF blank forms from St. Louis Publications Center will maintain a 120-day stock level of these forms.

c. Rctg Bde, AMEDD detachment, Rctg Bn,

and HCRT commanders are required to review at least annually, their DA Form 12-series and submit a verified copy to HQ USAAC (ATAL-IIA).

d. Table 1 shows the breakdown of initial distribution for USAREC publications. Rctg Bdes, AMEDD detachments, Rctg Bns, and HCRTs will submit a memorandum of justification on a case-by-case basis for changes to the initial distribution scheme.

## 8. Resupply

a. Rctg Bdes, AMEDD detachments, Rctg Bns, HCRTs, and HQ USAAC staff elements will submit requisitions for resupply of USAREC publications and blank forms to HQ USAAC (ATAL-IIA), by use of DA Form 17 (Requisition for Publications and Blank Forms), in duplicate. Requisitions will be consolidated as much as possible. No more than one requisition per week will be accepted for processing. Requisitions requesting more than five copies of any publication must be justified in block 2 on DA Form 17; if not, the requisition will not be honored. Requisitions for blank forms must have block 7c (Unit), DA Form 17 filled out. At table 2 is a list of all units of issue. A shipping date of 14 days from date of receipt of the requisition will be established, unless circumstances prevail which require emergency action. In such cases, the special requisition must contain a statement of justification. Requisitions will be processed and shipped to account holders and staff elements only.

b. To acquire necessary United States Military Entrance Processing Command publications or blank forms, requests will be forwarded through Rctg Bns to their respective servicing Military Entrance Processing Station.

## 9. Excess forms or publications

On the occasion that there are excess forms or publications within your organization, the following procedures will be followed:

a. Inventory and verify that stocks are actually in excess to your needs. All excess forms or publications will be identified by amounts on hand.

b. Contact HQ USAAC (ATAL-IIA), DSN 536-0034 or commercial (502) 626-0034.

c. You will be given disposition instructions pertaining to each form or publication identified. Do not forward excess forms or publications to this headquarters before receiving disposition instructions.

## 10. Publications Control Card

USAREC Form 851 (Publications Control Card) (see fig 1) may be used for controlling and distributing initial distribution. The form may be ordered by sending DA Form 17 to HQ USAAC (ATAL-IIA).
